

Rare tumor Task Force

- Isabelle Ray-Coquard & Jonathan Ledermann
 - Members involved (list on-going)
- Tasks:
 - To organize the ESGO SoA meeting in 2018
 - To develop a survey to describe how are the national/group organizations for the management (in routine & for clinical trials) in the field of rare Gynae cancers
 - To update the previous GCIg guidelines within a GCIg/ESGO colloquium including a smartphone application (End of 2018 😊)

ESGO State of the Art Conference 2018

Lyon, France

4-6 October, 2018

Objectives

- evidence base for diagnose and management of rare gynecological cancers.
- multidisciplinary conference will provide comprehensive state-of-the art summaries from key note speakers,
- Up to date scientific reviews on
 - biology,
 - biomarkers,
 - preservation of fertility,
 - specificity by subgroups of rare cancers,
 - updated GCIG/ESGO guidelines,

Audience Gyn, Onco, Onco-gyn, RT, biologists

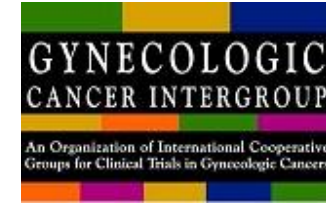

www.esgo.org

The European Voice of Gynaecological Oncology

Updated GCIG/ESGO guidelines

- 20 papers in IJGC in 2015
- New proposal:
 - Joint-venture with ESGO
 - Co publication of the new version
 - Smartphone application
 - Actions
 - how many documents to be prepared? All, a part?
 - identification of the 2 co-ordinators
 - To define a realistic agenda
 - To define rules of publications

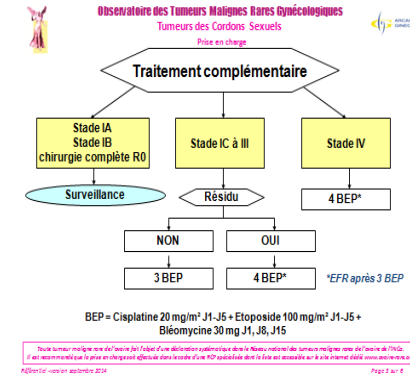

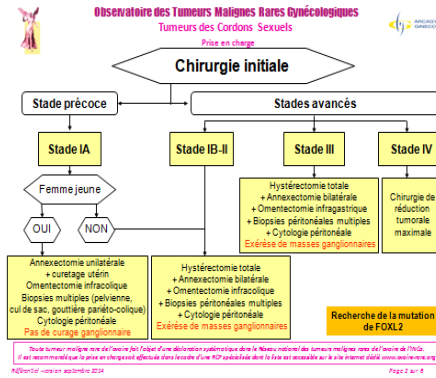

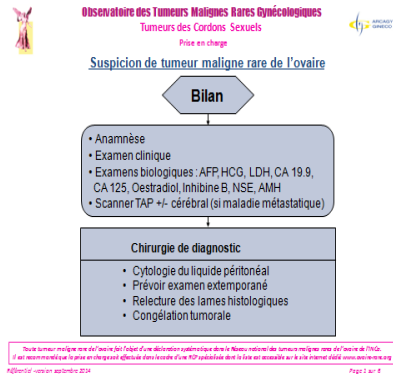

GCIIG consensus reviews published in 2015

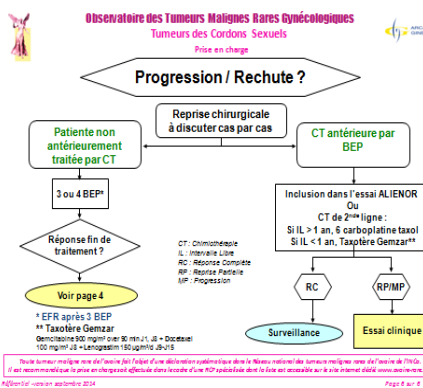

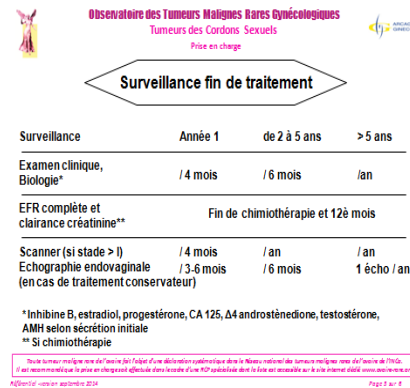

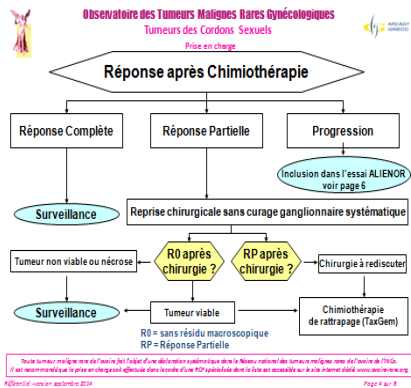

GCIIG consensus review	leader Group	Coordinator	Co Coordinator	step
Ov & Ut carcinosarcoma	GINECO	D Berton Rigaud		Accepted
low malignant potential tumors	AGO	P Harter		Accepted
low grade serous carcinoma	GOG	D Gershenson	C Gourley	Accepted
Sex cord tumor	GINECO	I Ray Coquard	N Colombo	Accepted
germ Cell Tumor	GOG	J Brown	M Seckl	Accepted
squamous Ov carcinoma	SGCTG	R Glasspool	Antonio Gonzales	Accepted
Small Cell carcinoma cervix	GOTIC	K Fujiwara	N Reed	Accepted
small cell carcinoma OV	EORTC	N Reed	P Pautier	Accepted
vulvar & vagina melanoma	USNCI	M Leitao	Xi Cheng	Accepted
ovarian carcinoid tumor	GICOM	N Reed	E Gomez	Accepted
Mucinous carcinoma	MRC/NCRI	J Ledermann	J Brown	Accepted
clear cell carcinoma Ovary	JGOG	A Okamoto	R Glasspool	Accepted
clear cell carcinoma Cervix & Ut	GOTIC	K Fujiwara & Dr Hasegawa		Accepted
trophoblastic diseases	MITO	K Larusso	M Seckl	Accepted
low grade endometrial stromal sarcoma	EORTC	F Amant		Accepted
HG uterine sarcoma	GINECO	P Pautier		Accepted
uterine serous carcinoma	JGOG	S Sagae	A Viswanathan	Accepted
adenosarcoma	ANZGOG	M Friedlander		Accepted
Ut & Ov leiomyosarcoma	USNCI	M Hensley		Accepted
glandular carcinoma of cervix	GOTIC	K Fujiwara	B Monk	Accepted

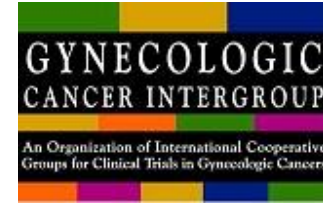

Decision-making algorithms are available on web site for 8 types of tumors

- Stromal and sex-cord Tumors
- Germ-cell Tumor
- Cancerized teratoma (on going)
- Serous & mucinous borderline
- Clear-cell adenocarcinoma
- Mucinous adenocarcinoma
- Low grade serous carcinoma
- Small cell carcinoma
- Carcinosarcoma

Updated GCIG/ESGO guidelines

- Actions

- how many documents to be prepared?
 - All, a part?
- identification of the 2 co-ordinators
- To define a realistic agenda
- To define rules of publication
- Other?
