Tasks

- Coordination of new GCIG/ESGO guidelines for rare tumors
- 2 chairs + 8 experts from groups (to be designed by each group)
- Goals:
 - Update of the GCIG version
 - Translation into algorithms for a smartphone application
- Means:
 - 8 coauthors (from each national group), “external validation” from GCIG & ESGO experts
 - Biographic analysis support by ESGO
 - Engineer to design the algorithms with your text proposal
- Time line:
 - 1st version for Nov 2019 at Athens Meeting (ESGO)
 - Potential paper in IJGC, (proposed by Eds) but need to be validated by all group

Updated GCIG/ESGO guidelines

- ✓ - Validation of the contract by GCIG & ESGO
- Documents to be prepared:
